Corporate Overview

Interagency Readiness Solutions, LLC (IRS) is a Native Hawaiian Organization (NHO) owned Small Disadvantaged Business (SDB) that delivers high-quality professional and technical services to federal, state, and local government agencies.

IRS specializes in program and project management, training development and delivery, emergency management, Defense Support of Civil Authorities (DSCA), administrative support, and subject matter expertise consultation. Our mission is to exceed customer expectations by providing innovative, reliable solutions that enhance readiness, operational effectiveness, and mission success across the public sector.

With a proven track record of performance on over 250 prime contracts, IRS brings deep expertise in supporting complex interagency initiatives, medical readiness, facilities support, and emergency preparedness programs.

Core Capabilities

- **Program & Project Management:** Full lifecycle support including planning, execution, risk management, earned value management, and performance reporting.
- **Training Development & Delivery:** Needs assessments, curriculum design, instructor-led training, simulations, tabletop and full-scale exercises, and distance learning solutions.
- **Emergency Management & Preparedness:** Emergency operations planning, continuity of operations (COOP), risk assessments, mitigation planning, incident command, and crisis communication.
- **Defense Support of Civil Authorities (DSCA):** Coordination and support for military assistance to civilian authorities in disaster response and national security events.
- **Professional & Administrative Services:** Staffing, case management, facilities management, IT/telecommunications support, and healthcare-related administrative services.
- **Technical Consultation & Subject Matter Expertise:** Strategic advisory, organizational assessments, and specialized support in medical readiness, non-clinical case management, and interagency coordination.
